7. STATEMENTS

023/2023: Hon. Ernest Kibet, MCA Kabarnet Ward, seeks a statement from the Chairperson, Finance and Economic Planning Committee on the following matters of concern:

THAT, liquor licensing is critical to ensure that public health and safety are safeguarded. There is however a national and a trickle down outcry to counties that illegal brew are being openly sold by licensed wines and spirits outlets all over the county with devastating effects on millions of youth and other citizens of productive age.

- i. What is the current licensing status of wines and spirits outlets per ward, and village in Baringo County?
- ii. Do these outlets conform with the existing national and county legislations meant to regulate alcoholic drinks business?
- iii. What measures has the county government put in place to ensure there is compliance to the required regulations in the interest of public safety and order?

029/2023: Hon. Michael Chebon, MCA, Saimo/Soi Ward, seeks a statement from the **Chairperson, Justice, Legal Affairs, Devolution, Governance and Cohesion Committee** on the following matters of concern:

THAT, during the annual budget making process, every department budgets for departmental personnel. Monies that include salaries, allowances and other emoluments due for their current staff establishments and for new staff in line with their succession plans arising from natural attrition.

- i. Is due process being followed when doing requisitions for recruitment of new staff in the county departments i.e 1) seek formal request to recruit. 2) Seek authority to recruit 3) confirm availability of funds?
- ii. Is it true that county departments have no clear succession plans resulting to failure to replace officers lost through natural attrition paralyzing activities of many departments and critically compromising service delivery?
- iii. Is it also true that there is a danger that newly recruited staff may not have any experienced staff to mentor them?
- iv. What measures has the county government put in place to ensure that due process is followed when doing requisitions for funds to recruit new staff to the county departments and that each department has an elaborate succession plan to ensure that newly recruited staff are sufficiently mentored by the senior officers who are about to retire for them to gain the necessary hands on skills?
