THAT, there are many small scale traders, hawkers and medium enterprises operating within Baringo County from other Counties i.e. East Africa and beyond. 016/2024: Hon. Hon. Linah Sote MCA, Baringo County seeks a Statement from the **Chairperson, Lands, Housing and Urban Development** on the following matters of concern:

That Article 183 of the Constitution as read together with sections 37 of the County Governments Act spells out the core functions and mandates of a County Executive Committee Member in urban area or city planning;

That Most of the roads and streets within Kabarnet town are so congested as a result of motorists parking along the roads /streets.

That some of these roads need to be designated as one way roads to facilitate smooth movement of vehicles inn and out of the town

That nearly all roads/streets including the CBD are not lightened up at night thus compromising the security of business community and the general public.

Pursuant to the above:

Further the said County Referral Hospital is expected to provide high end health services to the deserving people of Baringo. In view of the above, it has been noted that the supposedly Baringo County Referral Hospital has been constantly referring patients to Iten referral Hospital-the referral hospital of Elgeiyo/Marakwet County.

- i. What is so lacking in the Baringo County referral hospital to the extents of such massive referrals?
